

Extended Fragrance

The Challenge

Enjoying the **fragrance** in body lotion, shampoo or shower gel for the **entire day** has been a wish of many consumers, but has remained a **challenge** for the cosmetics and personal care industry.

The Solution

Now you have the choice to extend your industry leadership by offering your customers

MATSPHERE natural capsules:

- * Fragrances with a long lasting effect for **at least 16 hours**
- * **Custom** extended release times for the **flexibility** to meet your customers' specific needs
- * A release profile that smoothes the scent over a longer duration without any significant **intensity** change
- * Encapsulation that **maintains the visual aspect** of your product
- * High **loading rates** up to **90%**
- * A process that is **easily integrated** into your production and supply chains

Our soft and versatile process **maintains the integrity** of **sensitive active agents** including cosmetic oils, essential oils, lotions, catalysts, and even proteins.

Call us to discuss the **advantage** of using Materium's MATSPHERES as a fragrance capsule in body mist, lotion, serum, laundry softener or cologne spray.
